

## **SRE Reflection Paper**

Congratulations on completing your degree at Leeds and on earning a certificate in Social Responsibility and Ethics. We are so happy for you!

Before you graduate, we'd like you to take some time to reflect on your SRE experience. In a 2–3-page paper (12-point font, Times New Roman, double spaced), please craft a reflection statement which incorporates the following prompts.

1. How has your SRE coursework informed your career search? How do you believe it will impact your career in general?
2. What was your favorite SRE course and why?
3. What are your biggest takeaways from the SRE program in general? Feel free to elaborate on your beliefs on sustainability and ethics here.
4. What is your advice for other Leeds students who have interest in sustainability and ethical leadership?
5. Finally, what advice can you give CESR to improve the SRE certificate program?

As a reminder, the reflection paper is a requirement for completion of the SRE certificate.
