CONSENT FORM

gradSERU 2023 CU Boulder Consent

After reading this important information, if you consent to taking this survey, please select "Agree" at the bottom of this page and then the "Next" button.

Welcome to the Graduate Student Experience in the Research University (gradSERU) Survey, co-sponsored by the University of Colorado Boulder, the Center for Studies in Higher Education at the University of California, Berkeley, and the University of Minnesota.

The gradSERU Survey is your opportunity to provide CU Boulder with critical information about your graduate student experience—what is important to you, what is working well, and what is not working so well. We use this information to improve our programs and services for graduate students. The survey will take about 20-25 minutes to complete. Your answers will be held in strictest confidence and will not be identified with you individually, except in the circumstance outlined below.

The survey includes one open-ended question that allows you to provide a unique response. These responses will not be reviewed by CU Boulder researchers until after the survey has closed. If a written comment discloses a violation of certain CU policies (e.g., sexual misconduct, protected-class discrimination/harassment, etc.) or indicates potential harm to oneself or others, we are required to share the comment with the relevant campus offices for further investigation and for the provision of support services. We must emphasize this survey is not an official or reliable method for reporting CU policy violations or threats of harm to self or others. If you are in need of support, here is a list of resources, including confidential assistance: https://www.colorado.edu/oiec/support-resources/cu-boulder-resources.

Your participation is voluntary, and you are free to choose not to answer any question or withdraw from the survey at any time. A withdrawal notification should be communicated via email to Michelle Kincaid at michelle.kincaid@colorado.edu. Once the withdrawal notification is received, your data will be removed from all data sets. Potential risks in participating are minimal. Your survey responses are confidential, and your decision to respond will not affect your relationship with CU Boulder, the Center for Studies in Higher Education at the University of California, Berkeley, or the University of Minnesota.

We highly recommend that you complete the gradSERU Survey on a laptop or desktop computer—the survey does not function well on a smartphone.

If you agree to complete this survey, we would ask you to do the following things:
- Click the "Agree" button
- Fill out the gradSERU Survey, which will take approximately 20-25 minutes
- Click the submit button at the end.

All complete survey responses will be entered into a lottery for one of 10 $100 Amazon gift cards. Winners will be randomly selected and notified by email soon after the survey closes.

For disability services, access requests, or access-related survey support, please contact the Assistant Director of SERU Survey Research and Operations, Erin Tower, at help@seru.edu.

If you have questions or concerns, you may contact CU Boulder's gradSERU administrator, Michelle Kincaid at michelle.kincaid@colorado.edu or the Managing Director of the SERU Consortium, North American Division, Daniel Jones-White at 612-624-4851 or djwhite@umn.edu.

Statement of Consent

By selecting "Agree," I am providing my consent to this survey research effort, as described above.

I understand and will participate.   Agree (01)
o   Disagree (02)

Thank you for your participation. Your opinion and feedback matter!

📖 YOUR PROGRAM

This section of the survey asks you to evaluate your primary graduate/professional degree program based on your experience.
