

General Education Credit for Prior Learning Request Form

Students may use this form to request a challenge exam to earn credit in a [GT Pathways](#) general education category. For restrictions, eligibility and deadlines, see [Credit for Prior Learning](#).

The Office of the Registrar will initially review your eligibility. If you're eligible, registrar staff will forward your request to the College of Arts and Sciences.

After College of Arts and Sciences staff approve your request, you'll be directed to take a CLEP exam either at the testing center of a local community college or at home with remote proctoring. The local community college or the College Board, which offers online CLEP exams with remote proctoring, will charge a fee for the exam.

Student's Information

First name _____ Last name _____ MI _____

Student ID number _____ Email address _____

Home address _____

City _____ State _____ Zip code _____
