SCHEDULE OF COURSES

SPRING 1991

AFRICAN MASK/W/27

Spring 1991 Academic Calendar

November 12 (Monday)–December 11 (Tuesday)
Spring 1991 confirmed registration for continuing degree students enrolled during fall 1990.

December 7 (Friday)
Spring 1991 enrollment deposit due (\$200 for both in-state and out-of-state students) by 4:00 p.m. See page 2.

December 12 (Wednesday)–January 8 (Tuesday)
Spring 1991 confirmed registration for eligible new and readmitted students.

Schedule adjustment for continuing students who have already registered.

January 9–10 (Wednesday–Thursday)
Mandatory orientation and registration for new freshman and transfer students in Arts and Sciences and Business.

January 10 (Thursday)
Spring 1991 on-campus registration for students who have not previously registered. Last day to register for spring 1991.
Enrollment deposit payment alone does not reserve a space for spring 1991. See page 8.

January 14 (Monday)
Tentative schedule/bill distribution, 8:30 a.m. to 4:00 p.m. See page 4.

Schedule adjustment begins for those students with January 14 time assignments.

January 15 (Tuesday)
Schedule adjustment continues for those students with January 14 and 15 time assignments. No classes.
Faculty and staff registration begins.

January 16 (Wednesday)
Classes begin, 8:00 a.m. Schedule adjustment continues for all students.

January 17 (Thursday)
Registration begins for the SAVE program (space-available Boulder campus classes) at the Division of Continuing Education, 1221 University Ave., 492-5148, 9:00 a.m. to 4:00 p.m. See page 10.

January 21 (Monday)
Martin Luther King, Jr., holiday. No classes.

January 22–23 (Tuesday–Wednesday)
On-campus registration for senior auditors, Koenig Alumni Center (Tuesday, 9:00 a.m. to 3:00 p.m.; Wednesday, 9:00 a.m. to noon).

January 25 (Friday)
Tuition and fees due (including room and board), by 4:00 p.m. **No grace period.**

January 29 (Tuesday)
Last day to add your name to a wait list for spring 1991.

February 1 (Friday)
Last day to add a course, including independent study and thesis. This deadline will be in effect unless enrollment levels are reached before this date.

Last day to waive University-sponsored health insurance at Wardenburg Student Health Service.

Last day for new freshman and transfer students to turn in their immunization records to Wardenburg Student Health Service.

Last day to drop a course without being assessed the tuition and fees for that course and without

having a W for that course placed on your transcript. Use CU Connect to list your schedule to see if you have been added to a course from a wait list, as this may affect your tuition and fee charges.

All transactions must be completed by 4:00 p.m. to be computed for any tuition and fee adjustment. After this date, you must be passing your course to receive approval to drop, and you must have the signature of your instructor.

Last day to change pass/fail and no credit status on courses.

Last day to withdraw from school and be assessed only your enrollment deposit (\$200 for both in-state and out-of-state students). See page 11.

February 15 (Friday)
Last day to withdraw from school and be assessed an amount equal to 40 percent of tuition and mandatory fees.

February 26 (Tuesday)
Last day to drop a class without petitioning your dean. (The instructor's approval, however, is required.)

March 1 (Friday)
Last day to withdraw from school and be assessed an amount equal to 60 percent of tuition and mandatory fees. After this day, 100 percent of tuition and fees is assessed.

March 8 (Friday)
Last day to pay any unpaid balance, including approved deferred tuition, by 4:00 p.m. **No grace period.**

March 18–20 (Monday–Wednesday)
Tentative dates to distribute registration materials for summer and fall 1991 at the UMC Ballroom.

March 18 (Monday)–May 28 (Tuesday)
Summer 1991 confirmed registration for continuing degree students enrolled during spring 1991.

March 25–29 (Monday–Friday)
Spring break.

April 1 (Monday)–April 30 (Tuesday)
Fall 1991 confirmed registration for continuing degree students enrolled during spring 1991.

May 1 (Wednesday)–May 28 (Tuesday)
Summer 1991 confirmed registration for eligible new and readmitted students.

May 6 (Monday)
Last day of classes.

May 7–8 (Tuesday–Wednesday)
Reading days.

May 9–15 (Thursday–Wednesday)
Final examination period (no examinations on Sunday, May 12).

May 13 (Monday)
Fall 1991 confirmed registration begins for eligible new and readmitted students.

May 17 (Friday)
Commencement, 9:30 a.m., Events/Conference Center. Congratulations!

Affirmative Action
The University of Colorado at Boulder has a strong institutional commitment to the principles of diversity and takes affirmative action to achieve that end. The University does not discriminate in its educational and employment programs and activities on the basis of race, color, national origin, sex, age, disability, creed, religion, or veteran status.

This *Schedule of Courses* contains an up-to-date academic calendar, information on telephone registration, course listings for spring 1991, and policies and services to help you through the semester. All students receive one free copy before registration. Additional copies must be purchased from the Book Center for \$1.00.

The requirements, policies, and course descriptions of each college and school are printed in the *University of Colorado at Boulder Catalog*. You are responsible for knowing and following those policies and for familiarizing yourself with the course listings. Please refer to the catalog edition corresponding to your year of entry into CU-Boulder for graduation requirements. When you declare or change your major, however, be sure to check with your new dean's office regarding applicable requirements.

Although this schedule was prepared on the basis of the best information available at the time, all information is subject to change. Because of the lead time required to publish both the schedule and the catalog, changes may occur in University, college, or school policies. It is your responsibility to be aware of such changes by consulting departmental advisors, checking departmental bulletin boards, and reading your registration instructions carefully.

Confirmed Registration

All students will be able to use CU Connect to register for spring classes. **Confirmed registration** involves calling CU Connect from any touch-tone phone and receiving immediate confirmation of course enrollment. Whether you're a continuing student, a new freshman, a new transfer, a readmitted student, or a graduate student, you'll be able to register, list your classes, drop and add classes, and sign up for available class wait lists via CU Connect.

All students receive a registration packet, including:

- an invitation to register
- registration instructions
- a confirmed registration form
- a special services form and envelope
- a Wardenburg student health insurance waiver

Continuing students also receive an enrollment deposit form and envelope.

NOTE: Some colleges and schools have a mandatory orientation session for new students. If you are required to attend such a session, you will register at your orientation.

Registering for Courses via CU Connect

With your registration materials and this schedule, you can call CU Connect and receive immediate enrollment confirmation for the classes you request. You may call from either an on-campus or off-campus touch-tone phone.

You must call CU Connect during your time assignment (indicated on your invitation to register) or any time thereafter during the registration period. It's important for you to call as soon as possible, however, as confirmed registration is on a first-come, first-served basis. Classes will fill up throughout the registration process.

Detailed instructions on all of these procedures are included in your registration packet.

Using a Wait List

Throughout registration, if you are eligible to take a course but find that it has been closed, you may be able to put your name on a computerized wait list. A **wait list** is a registration device that allows students to place their names on a list for a course that is currently filled but may have openings later in the registration process. Each department determines if a wait list will be offered for a course and what type of wait list will be used. (There are two types of wait lists, **automatic** and **resequenced**.)

The **automatic wait list** is based on a first-come, first-served policy. As a vacancy occurs in a class, the person at the top of the list is automatically enrolled.

The **resequenced wait list** uses a priority system to determine who gets to enroll in the course when a space opens up. The priority is established by the department and is usually based on class standing and/or major. These priorities may change during the registration period.

Follow the instructions on the back of the confirmed registration form to add your name to a wait list.

Paying Your Enrollment Deposit—New!

(Continuing Students Only)

Effective with registration for spring semester 1991, all continuing students must pay a **one-time-only refundable enrollment deposit** (\$200 for both in-state and out-of-state students). This new deposit replaces the registration deposit and must be paid by **Friday, December 7, 1990**. Please note that the new enrollment deposit will **not** be credited toward tuition and fees, as previous registration deposits were.

The \$200 deposit will be refunded to you when you graduate from the University or officially withdraw within established guidelines, minus any fees or other charges you owe the University at that time.

Interest accruing from the deposits will be used for financial aid for eligible CU-Boulder students.

If you do not pay the deposit, you will be removed from your classes, and they will become available for other students to add. You will only be allowed to re-register if space in the University is still available, once you have paid your deposit. In addition, a late registration fee may be assessed.

All Students Please Note: All undergraduates and graduates who plan to attend the University this spring must register for spring semester courses this fall. Paying your deposit is only part of the process—it will not hold a place for you. You must register *and* pay your deposit by the established deadlines.

Adjusting Your Schedule

Once you have registered, you'll be able to make adjustments to your schedule by calling CU Connect and dropping or adding classes. Refer to the back of the confirmed registration form for instructions.

By calling CU Connect, listing your schedule, and making any needed changes during the registration period, you should have the schedule you want when you arrive on campus in January.

A Few Final Words

Registration involves quite a bit more than last-minute thought. Pay attention to matters such as clearing any stops on your record, paying your deposit on time, getting advising, selecting your courses thoughtfully, and reading all registration materials carefully. **It helps to keep your registration information throughout the semester.**

What All Students Should Know Before Registering

Addresses—Important!

Please keep your addresses updated at all times. An incorrect mailing address, in particular, will keep important registration materials and information from reaching you (for example, we may need to contact you regarding course changes or cancellations).

Your **mailing address** should be the address where you are now living. We will send financial aid information, bills, registration updates, and other campus mailings to this address through mid-May, 1991. Please keep it current!

NOTE: Dorm students must be sure to make any address changes with their dorm office as well as with the registrar's office.

Your **permanent address** is considered your "home-base" address. This can be your parents' address, a Boulder address where you reside all year, or the address of someone who knows how to reach you.

You may update your addresses at the registrar's office in Regent Administrative Center 125, in University Memorial Center (UMC) 165, or by calling **(303) 492-6581**. You can specify which address you are updating when you fill out the change of address form or when you call.

In the spring of 1990, our new student address locator computer system (**AL**) became available at terminals located in UMC 165, the financial aid office, and in the lobby of Regent Administrative Center. You can now check your addresses on-line.

Advising

Some colleges and schools require that students speak to an advisor before registering for courses; CU Connect will not allow registration without it. If you get such a message on your invitation to register or when you call CU Connect, and you are an arts and sciences or engineering student, call your faculty advisor or your major department to make arrangements for advising.

If you are a student in another college or school and you receive an advising message, you should call your dean's office.

After you have been advised, the coding on the computer will be adjusted, and you can call CU Connect to register.

Credit-Hour Limits

There are limits on the number of credit hours for which you may register (see your confirmed registration form).¹⁴ Please check with your dean's office or the catalog for the maximum number of credit hours that may apply to your degree.

Independent Study/Thesis Approval and Controlled Enrollment

If you are interested in taking a course with an 800- or 900-level section number, you must contact the appropriate department for a course (call number) before you register. Please see your confirmed registration form for further information.

No Credit

You can select classes on a no-credit basis (an **NC** will appear on your transcript in place of a grade) during registration or schedule adjustment. However, tuition is the same, whether or not credit is received in a course. Please check with your college or school or the catalog for policies on no-credit status and how it may be used.

Pass/Fail

You will be able to select classes on a pass/fail basis throughout registration and schedule adjustment. Please check with your college or school; there are restrictions on the number of courses and the types of courses that can be taken pass/fail.

Once you've signed up for a course on a pass/fail basis, your name (but not the pass/fail designation) will appear on the class roster. Your professor will assign you a grade for the class. A grade of **D- or above** is automatically converted by the registrar's office to a **P**; an **F** converts to an **F**. Only the **F** is calculated as part of your grade point average (GPA); a grade of **P** is not counted.

Registration Stops

When you call CU Connect, you may get a message that you have a stop on your record. Stops are holds that the University puts on student records for various reasons. They originate from financial obligations, academic concerns, or even disciplinary matters. You will not be allowed to register until the stop has been cleared. Please check with the office imposing the stop on how to clear it, and get it taken care of so you may register for classes.

Most often, you will know about a stop before calling CU Connect, because your invitation to register will display a printed message about the stop. However, stops can occur at any time in the registration process, so you should make it a point to know the status of your student record.

Variable Credit

When requesting a variable credit course (one with a range of minimum and maximum credits), you need to decide with your professor how many credits you would like to receive in that course. Simply indicate this when you call CU Connect.

Campus Hot Line

Recorded registration information, as well as other campus announcements, is available from the **campus hot line, (303) 492-9000**.

Schedule/Bill Distribution

For information on the distribution of your combined schedule/bill, please refer to the registration instructions.

Important:

Your first schedule/bill will be the only one you will receive before the tuition due date of January 25.

Additional revised bills will be mailed after that date, if you still have unpaid amounts on your record.

Parking Permits

NOTE: Effective spring semester 1991, you no longer must present your schedule/bill to purchase a parking permit.

On Sunday, January 13, from 8:00 a.m. to 3:00 p.m., campus parking permits will be sold to residence hall students at the Events/Conference Center and to Williams Village residents at Darley Commons.

Parking permits for all other students will be sold on Monday, January 14, at the Events/Conference Center (permits for law students will be sold at the Law School) from 8:00 a.m. to 3:00 p.m.

On Tuesday, January 15, permits will be sold at the Events/Conference Center from 8:00 a.m. to 2:00 p.m. After January 15, parking permits will be sold at the Parking Management Office, 1511 University Avenue, from 8:00 a.m. to 4:00 p.m.

Residence-hall students must present a photo ID and meal voucher or sticker. Commuter students need to present a photo ID, preferably a student ID and an **ORIGINAL VALID** vehicle registration (*not a copy*). The charge for the permit will be added to your bill. **You may not purchase a permit for another student.**

Photo IDs

Your validated photo ID is an important identification card that you should carry with you at all times. It signifies that you are a currently registered student and allows you to use University services.

To have an ID made, go to the Stadium, Room 129 (between gates 4 and 5), Monday through Friday between 11:00 a.m. and 4:00 p.m. (On Monday, January 14, the photo ID office will be open from 8:30 a.m. to 4:30 p.m.)

You must have some other form of picture ID with you when you go to have your student ID made. Your initial ID is free; replacement IDs cost \$7. (Continuing education and SAVE students must pay \$7; they do not receive an initial free ID.)

To pay for a replacement ID with a personal check, you will need two forms of ID—a driver's license or a passport and a major credit card. Also acceptable for payment are MasterCard and Visa.

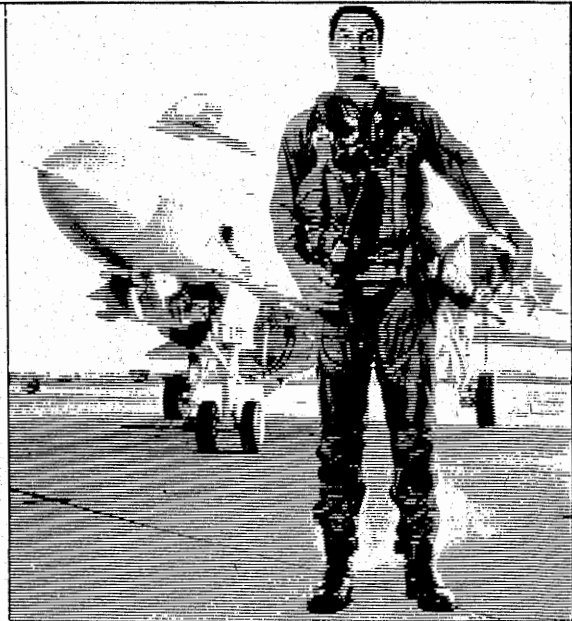

\$30,000 SCHOLARSHIPS: THE FAST TRACK TO SUCCESS.

Two-year NROTC scholarships offer tuition and other financial assistance worth as much as \$30,000 to qualified college sophomores.

These and other benefits are provided for one purpose: to educate and train qualified young men and women to serve as commissioned officers in the Navy.

The Navy pays for tuition, textbooks, instructional fees and gives you an allowance of \$100 a month for up to 20 months during your last two years of college. Upon graduation and completion of requirements, you'll become an important part of the Navy adventure as a Navy officer.

Stop by and visit your Navy Rep. Lt. Jim McManus, Univ. of CO, Folsom Stadium, Gate 6, Rm 241 or call (303) 492-8287.

NAVY ROTC

**You are Tomorrow.
You are the Navy.**

Schedule Adjustment

You may call CU Connect during your registration period to list your courses and to adjust your schedule by adding or dropping classes. Your CU Connect instructions and confirmed registration form list the codes you'll need to use when calling.

Once the semester begins, terminals will be set up throughout the campus, and you may drop or add any course or change course sections at a location convenient for you.

During the first two days of schedule adjustment, a CU Connect drop/add time assignment will be provided on some students' schedules. After that date, all students may use CU Connect to drop and add.

The calendar on the inside cover of this publication lists important drop/add deadlines, and your *Guide to Spring Semester 1991* will provide more detailed information about schedule-adjustment procedures.

Wait Lists

If you have placed your name on a wait list during registration or schedule adjustment, it is your responsibility to call CU Connect to find out if you have been enrolled in the class.

When you place your name on a wait list by calling CU Connect, the total number of students already on the list is announced. As positions on wait lists constantly change during the registration and schedule-adjustment periods, specific position information cannot be made available until the week of January 14. Then, only assistants at terminals can inform you of your wait-list position.

If you choose not to remain on a wait list, please drop yourself from it as soon as possible. Other students will be waiting to enroll in the course.

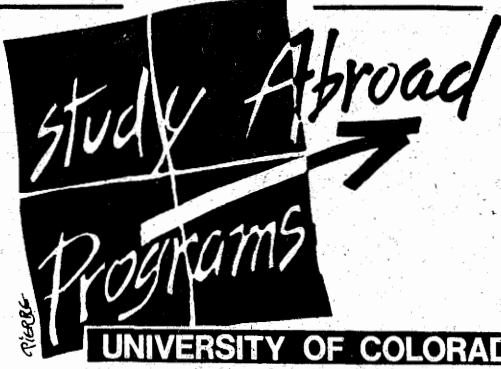

If you are taken from a wait list and enrolled into a class you no longer want, and you fail to drop it by February 1, **you will be charged additional tuition for that class.** Also, if you do not attend the course, **you will receive an F for that class.**

Administrative Drops

Administrative drops are initiated by departments. If you have not met all the prerequisites for a course, or if you do not attend your courses regularly during the first few weeks of classes, you may be administratively dropped from any course. Please check with departments for policies concerning administrative drops.

Note on Dropping Courses

Any student who stops attending a course without officially dropping it will receive a grade of **F** in that course. **Do not depend on being administratively dropped by the department.**

*Pharmacy students are charged for each hour over 17 (not 18).

Tuition Surcharge

There is a surcharge for every credit hour over 18 you register for and retain past February 1, 1991 (except for the School of Pharmacy, where it is every credit hour over 17).

Student Fees

The student activity fee for students taking only one course (1-5 credit hours) is \$22.26 per semester. All other students pay \$160.05 per semester. Fees are assessed by the University of Colorado Student Union (UCSU).

In addition, all students are assessed a nonrefundable, \$4 Student Information System (SIS) fee. Also, students registered for 4 or more credit hours are assessed an athletic fee of \$33.00 each semester.

Finally, a student computing fee was instituted in fall 1990. The purpose of the fee is to provide basic computing and information services for students. Students enrolled for 6 or fewer credit hours will be charged \$5.00; students enrolled for 7 or more credit hours will be charged \$10.00. For further information, call Suzanne Kincaid, 492-8177.

Matriculation Fee

There is a one-time, nonrefundable matriculation fee of \$15 for new degree students that is assessed at the time of initial registration. This fee covers processing charges for adding and dropping courses and for official transcripts. A nondegree student who is admitted to degree status will be assessed the \$15 matriculation fee at the time of the student's first registration after the change has been made.

Faculty and Staff Tuition Benefit

Permanent faculty and staff are entitled to 1-6 credit hours at no charge per academic year (summer through spring). Student fees will not be charged for those courses in which a faculty or staff member enrolls between January 15 and February 1, 1991. If a faculty or staff member registers early and pays tuition for the course(s), applicable mandatory student fees will be charged. Please see page 8 for faculty and staff registration information.

Paying Your Bill

Your schedule/bill will reflect the total number of credit hours in which you have been enrolled, as well as tuition, fees, housing, and other charges. It is your responsibility to pay the bill by **4:00 p.m. on January 25** (postmarks are not honored) or to arrange to have one-half of it deferred. Even if your bill has been misplaced or you didn't receive a bill, you are responsible for paying the amount owed by the due date.

Other things to keep in mind concerning your bill include the following:

- After February 1, there will be no tuition adjustment for courses dropped. However, tuition for classes added will be assessed and billed.
- Tuition for a no-credit course is the same as tuition for a course taken for credit.
- Tuition for a zero (0) credit-hour course is charged at the same rate as a one (1) credit-hour course.
- All students taking one course of 5 or fewer hours will be assessed a base fee of \$22.26 and will receive a no-fees sticker for their student ID. These students will not be allowed to use Wardenburg services or the Recreation Center unless they pay separate, one-time user fees or the full student fees of \$160.05. Doctoral students taking thesis hours only, masters candidates for degree, approved doctoral candidates, and fifth-year pharmacy students will be assessed only the base fee.
- Mandatory UCSU student fees of \$160.05 are considered as important as tuition and may only be waived due to extraordinary circumstances. If fees are waived, students must still pay the base fee of \$22.26. Students who wish to petition for a waiver must do so by **4:00 p.m. on January 25. No late petitions will be accepted.** Petitions may be picked up and turned in at the Bursar's Office, Regent 150, and must include documentation of the reasons why the fees should be waived. In addition, students covered by the student health insurance cannot have their full student fees waived.
- All students enrolled for 6 or more credit hours will automatically be assessed \$340.00 per semester for student health insurance. Students who already have adequate health insurance coverage may complete a waiver to remove this charge from their bill. Waivers must be received by February 1 to be honored. **(Waivers submitted in fall 1990 will extend through spring semester 1991.)**

Students may use Wardenburg services without being enrolled in the University-sponsored insurance plan. However, the plan does provide first-dollar coverage for any eligible medical costs incurred at Wardenburg and provides 75 percent coverage after a \$300 deductible is satisfied at other medical facilities.

If you are taking one course of 5 or fewer semester hours, the University-sponsored student health insurance plan is available at the same price that full-time students pay. To become eligible to purchase the insurance, you must first pay full UCSU student fees. **Exception:** Approved doctoral candidates requesting student insurance will be charged full price for the insurance, plus the Wardenburg Student Health Service fee of \$71.64.

Deferred Tuition

You may defer payment of one-half your tuition and fee bill until March 8, 1991. To do so, you must pay the first half of the bill and complete a deferred tuition application on or before January 25. Please be aware that the deferred balance will be subject to a 1-percent-per-month finance charge.

To qualify for deferred tuition, your total bill at the time of application must exceed \$100, and you must be able to pay at least one-half of the full amount by January 25. The deferred amount will be calculated on the account balance at the time of deferment. Deferred tuition applications will be available at the Events/Conference Center beginning January 14.

Failure to Make Payment in Full by the Deadline

Failure to make the required payment on each due date may result in any or all of the following actions:

a. You may be withdrawn from the University, becoming ineligible for all University services. See "Penalty-for-Nonpayment Policy," below.

b. No transcripts, diplomas, certification, or registration materials will be issued for you until your bill is paid in full.

c. A late payment charge, in addition to a service charge on the unpaid balance (1 percent per month), will be assessed according to the following schedule:

Balance Due	Late Charge
\$ 1-\$99.99	\$ 5
100-299.99	10
300-499.99	20
500-699.99	30

Penalty-for-Nonpayment Policy

University policy requires us to place financial stops on the records of students who fail to meet their entire tuition and fee bill payment by March 8, 1991. This stop will prevent students from registering for any future terms, receiving a diploma, or receiving a transcript of academic work at the University.

Other Registrations

Concurrent Registration

From

If you plan to take at least one course at Boulder in the spring but cannot obtain all the course work required for your degree program, you may be able to register concurrently on another CU campus. The course work must be required for your degree program, you must have your dean's permission, and enrollment levels must not have been reached on the other campus. Graduate students must also have their advisor's approval. If all these conditions are met, you can register for up to two courses or 6 credit hours, whichever is greater, on another CU campus.

Business students may only exercise the concurrent registration option if they are in their graduating semester. Those business students who are two semesters from graduation and who cannot obtain a course necessary to complete a prerequisite sequence may also be allowed to use this option. The course must be required for graduation and must not be offered on the Boulder campus, or the course must conflict with another required course in which the student is already enrolled. Other students wishing to take a business course concurrently must obtain the signature of the dean of Boulder's College of Business and Administration.

Concurrent registration forms and instructions will be available at the registrar's office in Regent Administrative Center 125 between 9:00 a.m. and 4:00 p.m., beginning January 7. You cannot register concurrently until after drop/add or the first day of classes has begun on the other campus. Boulder students will pay Boulder tuition rates for all classes.

Intercampus Registration

If you would like to take course work on another campus of the University of Colorado, you may be able to register directly on that campus. However, you must apply for admission to that campus and follow its registration procedures. Please check with your dean's office for approval. (Arts and Sciences students may not register at the Denver campus or the Colorado Springs campus except in the summer.)

On-Campus Registration

Students who have not registered for spring before January 8 may pick up confirmed registration materials in Regent 125 on January 10 between 9:00 a.m. and 4:00 p.m. Students who have not registered by 10:00 p.m. on January 10 may not be able to register at a later time, unless their category is open for late registration. In addition, lower priority and late fees will apply.

NOTE: This registration does not apply to students who must attend a required orientation program.

Registration for Faculty and Staff

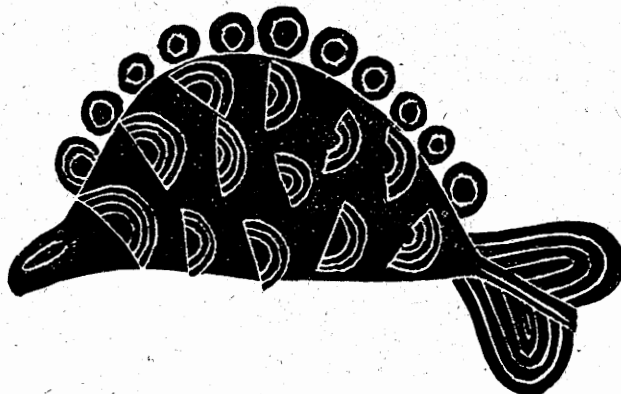

All permanent faculty and staff members at the University may take 1 to 6 free credit hours each year. The academic year begins with summer session, and the number of free hours is determined on a prorated basis from full-time status. Enrollment occurs on a space-available basis in conjunction with late registration, unless the faculty or staff member wishes to register early. In that event, registration takes place via CU Connect in November and December, and full tuition and fees are charged.

Faculty and staff members who wish to enroll as nondegree students will need to take a copy of their current personnel action form and a nondegree student application to the Bursar's Office, Regent 150, by **December 7**. Office hours are 9:00 a.m. to 4:00 p.m. (Faculty and staff who were enrolled as nondegree students on the Boulder campus during fall semester 1990 will be automatically set up for spring 1991, although application for free credit hours must be made separately each semester.)

Faculty and staff students applying to a degree program should follow the regular application procedures established by the Office of Admissions. However, in order to apply for the free credit hours, the application form and current PAF should be submitted to the Bursar's Office by **December 7**. After one semester as new degree students, faculty and staff become continuing students and are automatically set up each semester to register for courses, although application for any of the remaining free credit hours must be made separately each semester.

For those applying for the tuition benefit, instructions may be obtained from the Bursar's Office, Regent 150. Student activity fees will not be charged if registration takes place during final schedule adjustment, with the exception of the \$4 SIS fee and student computing fee that every student must pay.

Course work must be taken outside of scheduled working hours or an adjusted work schedule must be established that is acceptable to the employing department.

Academic Matters

Academic Integrity

A university's intellectual reputation depends on the maintenance of the highest standards of intellectual honesty. Commitment to those standards is a responsibility of every student and every faculty member at the University of Colorado.

Breaches of academic honesty include cheating, plagiarism, and the unauthorized possession of exams, papers, or other class materials that have not been formally released by the instructor.

Cheating may be defined as using unauthorized materials or giving or receiving unauthorized assistance during an examination or other academic exercise.

Plagiarism may be defined as the use of another's ideas or words without acknowledgment of that use.

Sanctions. Breaches of academic honesty will result in disciplinary measures that may include a failing grade for a particular assignment, a failing grade for a particular course, and/or suspension for various lengths of time or permanent expulsion from the University.

Breaches of academic honesty are under the purview of each college and school pursuant to the Laws of the Regents, Article V, Section C. For further information and for individual college and school policies, students should consult with their dean's office.

Academic Standing

To be in good undergraduate academic standing at CU-Boulder, you must maintain a 2.00 grade point average (GPA), which is a **C** average, or better. If you cannot maintain this average, you will be placed on academic probation or suspension, and a scholastic stop may be placed on your registration.

Graduate students are expected to maintain a 3.00 GPA (**B** average) or better.

Please check individual college and school policies in the University catalog for information on specific GPA requirements and on scholastic stops.

Final Examination Policy

It is the policy of the University of Colorado at Boulder to adhere to the schedule of final examinations as published in the *Schedule of Courses* each semester. While it may be appropriate to not give a final exam in some cases, such as laboratory courses, seminars, and colloquia, final examinations should be given in all other undergraduate courses. Unless otherwise notified in writing during the first week of classes, students should assume that a final examination will be given.

In addition to the principles stated above, the following guidelines should be followed by all faculty members and administrators to ensure fairness and the best possible educational experience for students.

1. The scheduled final examination period should be considered an important part of the course and be used as a final examination period or for additional instruction.

2. The final examination in a course must be given as scheduled and not at other times, even if the faculty member and all students in a course agree to such a change.

3. The week of classes preceding the scheduled final examination period should be used primarily for continued instruction and may include the introduction of new material. No hourly examinations are to be given during the week preceding final examinations.

4. Individual students may be granted a variance from these policies, provided the instructor is satisfied that (a) the exception is based on good and sufficient reasons (such as religious observances), and (b) such an exception for an early or late examination will not prejudice the interests of other students in the course.

5. When students have three or more examinations on the same day, they will be entitled to arrange an alternative examination time for the last exam or exams scheduled on that day. Such arrangements must be made **no later than February 26, 1991**. Students will be expected to provide evidence that they have three or more examinations to qualify for exceptions.

6. This policy applies to all undergraduate students, including seniors. Graduating seniors should not be exempted from final examinations. Such exemptions are inappropriate on both procedural and academic grounds.

Grade Reports

Your spring semester 1991 grades will be sent to your permanent mailing address approximately three weeks after the end of finals.

Graduating Students—Commencement

If you're planning to graduate this coming year, please check with your college or school dean's office for graduation application deadlines and notification procedures. Some colleges and schools require consultation in the semester preceding the semester of graduation.

Rights and Privacy—Education Records

The Family Education Rights and Privacy Act of 1974 protects the privacy of education records. However, certain information is considered public or "directory" information. Such information may be released to anyone unless students inform the Office of Academic Records that they do not wish the information released.

"Directory" information includes name, address, phone number, date and place of birth, major field of study, participation in University activities or sports, dates of attendance at the University, full- or part-time enrollment status, degrees and awards received, educational institutions attended, and weight and height of athletes.

To prevent release of the above information (and to prevent your name and address from appearing in the 1991-1992 Directory), you must go to the Office of the Registrar **before** the 11th day of classes (**Wednesday, January 30**) to request that directory information about you be withheld. Once requested, nondisclosure of directory information will remain on your record until you are no longer enrolled at the University or until you cancel your request.

A complete summary of University policy on the release of student information is available in the *University of Colorado at Boulder Catalog*, the *Student Handbook*, and at the Office of the Registrar, Regent 125, **(303) 492-3066**.

Transcripts

If you would like a copy of your CU academic record for advising purposes, you may call 492-6907 to request that an *unofficial* transcript be sent to any department on campus.

An *official* transcript containing your complete academic record (with the embossed seal of the University) can be requested in writing from the Office of the Registrar. There is no charge for an official transcript request processed within five working days. "Rush" transcript orders (processed within one working day) cost \$3 per copy.

Here to Serve You

Continuing Education

The Division of Continuing Education offers both credit and noncredit courses. These courses are designed to be convenient to working adults and are offered mostly in the early evening hours or by correspondence study.

Some of the schools or colleges limit the number of credits you may take through Continuing Education. Eligibility requirements may also vary among the schools and colleges. Check with your dean's office for more information on these matters.

Space available (SAVE) registration for Boulder campus classes is conducted by Continuing Education. Spring registration begins January 17, 1991, and continues through February 1, 1991. Tuition payment is due upon enrollment. Call Continuing Education, **(303) 492-5148**, for more information.

High School Concurrent Enrollment

Local high school students with outstanding academic records can enroll at CU-Boulder, and the credit they earn can be applied to their high school graduation and to college-level transfer credit. Registration is carefully guided and must take place in person. Please call the Office of Admissions at **(303) 492-6301** for further information.

Nightwalk/Nightride

UCSU has established two volunteer services that provide safe rides and safe walks for students and staff at night.

Nightwalk provides teams of walkers who will accompany you anywhere on campus and within a two-block radius of campus. Nightwalk operates 7:00 p.m. to midnight, Sunday through Thursday.

The **Nightride** van will take you anywhere within the Boulder city limits. Nightride operates 7:00 p.m. through midnight, seven nights a week.

To use Nightwalk or Nightride, come to the east lobby of Norlin Library, or call **492-SAFE** to be picked up.

Student Conduct

The standards of conduct and the procedures for implementing them have been developed by the Student Conduct Advisory Board, which is composed of students, faculty, and staff.

In establishing these standards, the University has taken into account students' rights as individuals, as well as the general welfare of the University community. The University would be remiss in its responsibility to students and the community if it ignored behavior that violates the rights of others. It is also essential that everyone shares in the commitment to protect the integrity and personal safety of each member of the campus.

In most cases, if an individual is found in violation of one of the standards of conduct, the University's primary interest will be to help the individual avoid further inappropriate behavior and become a responsible member of the University community. However, if an individual fails to correct inappropriate behavior, or if the violation of the standards of conduct is serious, the University will take disciplinary action that may include suspension or permanent expulsion. Behavior that threatens the safety or violates the basic purpose of the University community will not be accepted.

Any time students have questions regarding the application of the standards of conduct, or feel that another person has subjected them to behavior that interferes in any manner with their rights, the University encourages them to contact the Office of Student Conduct, Willard 223, **(303) 492-5601**.

A Few Last Things

Changing Your Major

If you would like to change your major or declare a major, simply go to the appropriate department and inquire about its procedures. Your change will be entered on-line into the system as soon as it has been approved by the department. If your change of major involves moving into another college or school, it is considered an *intrauniversity transfer* (IUT). For further information, please see that section (below) or see the catalog.

Double Degrees

Students who are working in a double-degree program (for example, obtaining one degree from Arts and Sciences and one from Business) should verify that both programs are entered on the student information system. Check with your dean's office; if you are not on the system, you may be closed out of required classes during registration. If you have questions concerning your double-degree program, check with one of your deans.

Intrauniversity Transfer (IUT)

If you would like to transfer into another CU-Boulder college or school, check with that dean's office for admission criteria and information on enrollment levels, application procedures, and deadlines. Policies vary among the different colleges and schools.

If you are waiting to hear about the status of your IUT application, please check with your new college or school to find out how you should proceed with registration.

Residency

If you're an out-of-state resident seeking in-state classification for spring 1991, you should turn in your residency petition by **4:00 p.m., December 28, 1990**, to the Tuition Classification Office in Regent 125 (Campus Box 7, University of Colorado at Boulder, Boulder, CO 80309-0007).

Residency petitions will be accepted through January 18, but enrollment levels could be full, and you probably won't receive a decision by the tuition-payment deadline. Tuition adjustments will be made when applicable.

Students submitting a completed petition by October 31, 1990, will receive a decision by the deposit-payment deadline. If you are a recipient of financial aid seeking in-state classification, be sure to submit your petition by October 31 to make sure your award is processed in time for spring. Complete information regarding the requirements for in-state status is available from the Tuition Classification Office, Regent 125, telephone **(303) 492-6868**.

Time Out Program

For those who would like to take a planned leave from CU-Boulder for a semester or a year, the Time Out Program (TOP) provides an opportunity to leave without losing your place in your college or school. You must be in good academic standing and have your dean's approval. Your place will be guaranteed when you return, providing you meet registration and deposit deadlines. An application fee of \$30 is charged. More information is available from the Office of the Registrar, **(303) 492-8673**.

Withdrawal Procedures

If you anticipate withdrawing from CU-Boulder, please do so officially. It will save you time, money, and future problems. If you need to withdraw from spring semester 1991 **before** January 16, you can fill out a withdrawal form in the registrar's office or write a withdrawal letter to the Withdrawal Coordinator, Office of the Registrar, Campus Box 7, University of Colorado at Boulder, Boulder, CO 80309-0007. You may also withdraw by dropping all of your courses via CU Connect before January 16.

Beginning January 16, you must complete a withdrawal interview. The interviewer will discuss the procedures for withdrawing, as well as your reasons for leaving. You won't need to drop your classes; that will be done for you. If you don't officially withdraw, a failing grade may be recorded for each of your classes. **Remember:** Deadlines and rules for withdrawing may vary with each college and school.

Withdrawal Date	Refund or Assessment Schedule
November 12– December 31, 4:00 p.m.	Full refund of \$200 enrollment deposit (continuing students only).
January 1– February 1	Full amount of \$200 enrollment deposit is assessed by the University.
February 2– February 15	Forty percent (40%) of full tuition and fees is assessed.
February 16– March 1	Sixty percent (60%) of full tuition and fees is assessed.
March 2– May 6	No refund. One hundred percent (100%) of tuition and fees is due.

**SEMESTER
AT SEA®**

Is your education preparing you completely for the **global** community in which we live? Consider internationalizing your course of study by spending a semester studying and traveling around the world on the University of Pittsburgh-sponsored Semester at Sea program.

Each fall and spring undergraduates from across the US and abroad live and learn together aboard the SS Universe, an 18,000 ton ship equipped as a floating campus. During this 100-day voyage you can earn 12-15 transferable credits, choosing from more than 50 lower and upper division courses. Experience an itinerary as culturally diverse as Japan, Taiwan, Hong Kong, China, Malaysia, India, Turkey, the Soviet Union, Yugoslavia, and Morocco.

For full information and application call 800-854-0195 (In PA call 412-648-7490) or write Semester at Sea, University of Pittsburgh, 811 William Pitt Union, Pittsburgh, PA 15260.

Course Listings

Understanding Course Listings

Course listings do not run down both pages. Instead, you must read them one page at a time, going from the left column to the right column. To guide you through the course listings, page and column markers have been placed at the top of each column, as illustrated below.

page 17, column A
(left-hand column)

page 17, column B
(right-hand column)

The abbreviations at the top of each page are explained below:

Call No.	The five-digit number , specific to a particular term, that is used when you request a certain course and section of a course when you use CU Connect.
Dept.	The department name.
Course No.	The four-digit number used to identify the course.
Credits	The number of credit hours for the class.
Course Title	Often abbreviated. (Refer to the catalog for the complete title and course description.)
Section No.	This three-digit number refers to a specific meeting pattern of the course. The section number alone is the lecture number. When an R precedes the section number, it indicates that the section is a recitation (rec); when an L precedes the section number, it indicates that the section is a laboratory (lab). If a recitation or lab section is indicated, it must be taken along with the lecture. Some courses will consist of all three: lecture, lab, and recitation
Time/Days	Meeting time and days class meets. (T is Tuesday, R is Thursday, and U is Sunday.)
Bldg./Rm.	The building name and room number where class meets. (See the list on page 14 for building abbreviations.)

Instructor The instructor's name (when available) for that course.

Max. Enroll. The maximum number of students allowed to enroll in that course.

Additional course notes may be given at the beginning of a course listing, just under the course title. (For example, see text under "**American Indian Studies**")

When a course has a prerequisite and/or a corequisite, a note (in italics) will appear just under that course. (For example, see the second course listed under "**American Studies**")

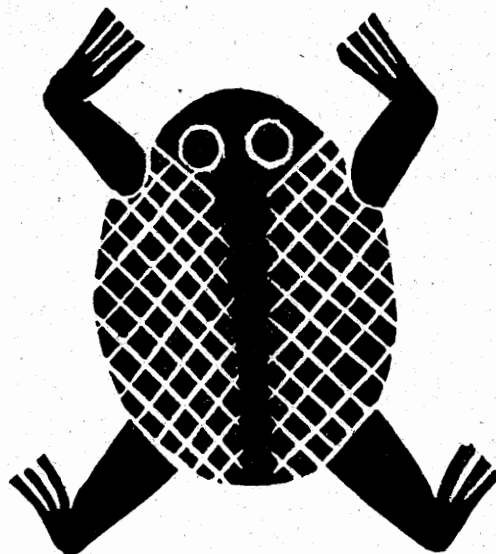

Remember: Some courses you select may not be available to you because of college or school restrictions or because of class-size limitations.

Understanding Course Numbers

Courses are numbered according to the following criteria:

1000-2999	Lower-division courses, generally appropriate for freshmen and sophomores.
3000-4999	Upper-division courses, primarily for juniors and seniors.
5000-5999	Courses primarily intended for graduate students, but may be open to qualified undergraduates under certain circumstances. (Please see the individual professor for the course you are interested in taking.)
6000-8999	Courses open to graduate students only; see individual department offices for special provisions.

If you used the previous **three-digit course numbering system**, you can find a translation table of old numbers and their four-digit equivalents in the *University of Colorado at Boulder Catalog*.

III. University Mathematics Program Courses

A. Module Courses

MATHEMATICS COURSES NUMBERED 1000-1100 ARE ONE CREDIT FLEXIBLY PACED MINI COURSES, OR MODULES. SEVERAL MODULES MAY BE GROUPED TOGETHER TO FORM COMPLETE COURSES OF INSTRUCTION IN COLLEGE ALGEBRA, TRIGONOMETRY, AND MATHEMATICS FOR BUSINESS AND SOCIAL SCIENCES. STUDENTS WILL NORMALLY REGISTER FOR A COMPLETE GROUP OF MODULES IN THE DESIRED SUBJECT AREA. IN THE MODULE PROGRAM, LEARNING IS INDIVIDUALLY PACED, WITH MULTIMEDIA INSTRUCTIONAL SUPPORT.

OPTIONAL LECTURE SCHEDULES AND COMPLETE DETAILS OF THE MATHEMATICS MODULE PROGRAM ARE AVAILABLE AT THE MATH MODULE OFFICE, ECST 0-03. PHONE NUMBER IS 492-2317.

MATH 1000, 1010, AND 1020 ARE SELF-PACED MODULES IN COLLEGE ALGEBRA. THESE THREE COURSES TOGETHER FORM THE EQUIVALENT OF A ONE SEMESTER (3 CREDIT HOUR) COURSE IN COLLEGE ALGEBRA.

55128 MATH 1000 1 FUNDAMENTAL/COLL ALGEBRA 001 TBA 1500
PREREQ ONE YEAR OF HIGH SCHOOL ALGEBRA, OR PLACEMENT EXAM SCORE. PICK UP INFORMATION PACKET AND SCHEDULE OF OPTIONAL LECTURES AT MATH MODULE OFFICE, ECST 0-03.

55135 MATH 1010 1 TECHNIQUES/COL ALGEBRA 001 TBA 1500
PREREQ MATH 1000 OR PLACEMENT EXAM SCORE. PICK UP INFORMATION PACKET AND SCHEDULE OF OPTIONAL LECTURES AT MATH MODULE OFFICE, ECST 0-03.

55136 MATH 1020 1 LOGARITH/EXPONENT FUNCTS 001 TBA 1500
PREREQ MATH 1010 OR PLACEMENT EXAM SCORE. PICK UP INFORMATION PACKET AND SCHEDULE OF OPTIONAL LECTURES AT MATH MODULE OFFICE, ECST 0-03.

MATH 1030 AND 1040 ARE SELF-PACED MODULES IN COLLEGE TRIGONOMETRY. THESE TWO COURSES TOGETHER FORM THE EQUIVALENT OF A ONE SEMESTER (2 CREDIT HOUR) COURSE IN COLLEGE TRIGONOMETRY.

55137 MATH 1030 1 NUMERICAL TRIGONOMETRY 001 TBA 1500
PREREQ MATH 1020, OR PLACEMENT EXAM SCORE, OR 1 1/2 YEARS HIGH SCHOOL ALGEBRA AND 1 YEAR HIGH SCHOOL GEOMETRY. PICK UP INFORMATION PACKET AND SCHEDULE OF OPTIONAL LECTURES AT MATH MODULE OFFICE, ECST 0-03.

University Writing Program

IF YOU WISH TO ENROLL IN A UNIVERSITY WRITING PROGRAM COURSE AT THE 1000-LEVEL, YOU SHOULD ENROLL IN A SECTION OF UWPR 1150 WHETHER OR NOT YOU HAVE PREVIOUSLY TAKEN A COURSE IN THE UNIVERSITY WRITING PROGRAM. SHORTLY AFTER THE START OF THE SEMESTER, YOU WILL BE PLACED IN EITHER DIRECTED WRITING (UWRP 1050), EXPOSITORY WRITING (UWRP 1150), OR ARGUMENTATIVE WRITING (UWRP 1250) ACCORDING TO THE FOLLOWING GUIDELINES:

1. IF YOU HAVE PREVIOUSLY TAKEN AND PASSED, WITH AT LEAST A C, A UNIVERSITY WRITING PROGRAM COURSE, YOU WILL BE PLACED IN THE NEXT HIGHER COURSE. (FOR EXAMPLE, IF YOU HAVE TAKEN AND PASSED UWPR 1150, YOU WILL BE PLACED IN UWPR 1250.) HOWEVER, FOR THE PURPOSE OF ADVISING, YOU WILL BE REQUIRED, DURING THE FIRST DAY OF CLASS, TO WRITE DIAGNOSTIC ESSAYS THAT WILL INDICATE YOUR SKILL LEVEL.
2. IF YOU HAVE NEVER TAKEN A UNIVERSITY WRITING PROGRAM COURSE, YOU WILL BE PLACED IN A COURSE APPROPRIATE TO YOUR SKILL LEVEL, AS DETERMINED BY TWO DIAGNOSTIC ESSAYS THAT YOU WILL BE REQUIRED TO WRITE DURING THE FIRST DAYS OF CLASS.

PLACEMENT WILL BE COMPLETED BEFORE THE END OF THE DROP/ADD PERIOD. IF YOU DO NOT WRITE BOTH DIAGNOSTIC ESSAYS, YOU WILL BE ADMINISTRATIVELY DROPPED FROM THE COURSE.

NOTES: * YOU WILL NOT BE ALLOWED TO ADD UWRP COURSES AFTER FRIDAY, JANUARY 19, UNLESS YOU HAVE DEPARTMENTAL APPROVAL. * UNIVERSITY WRITING PROGRAM COURSES DO NOT FULFILL THE HUMANITIES REQUIREMENT ON THE COLLEGE LIST, UNLESS YOU TOOK A \$ 100 DURING OR BEFORE THE FALL SEMESTER OF 1985.
